DETAILED ACTION

1. This Office action is in response to Applicant's amendment, filed on 1/12/2004.
2. Claims 9-16 and 18 are canceled and claims 1-8, 17 and 19-20 are pending.
3. The rejection to claims 1-20 under 35 U.S.C. 102 (e) as being anticipated by Kolls as set forth in the Office action mailed on 9/10/2003 is maintained. See below.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371[©] of this title before the invention thereof by the applicant for patent.

5. Claims 1-8, 17 and 19-20 are rejected under 35 U.S.C. 102 (e) as being anticipated by Kolls (U.S. pat. No. 6,604,085).

Art Unit: 3621

As per claims 1, 6, 7, 8, 17 and 19-20 Kolls discloses a universal advertising and payment system for networking, monitoring and controlling electronic commerce and vending equipment, comprising:

a memory device for storing at least one of account information, account billing information, account statement information, marketing information, advertising information, and promotional information (see., abstract, col 26, lines 39-44, col 32, lines 22-32, specifically wherein it is stated the DII processing to bill a customer and can select advertising and other marketing advertisements from a database or local database);

a processor for automatically detecting a scheduled generation of at least one of an account bill, an account billing statement, an account statement, and an account correspondence, wherein the processor at least one of automatically identifies and automatically selects at least one of marketing materials, advertising materials, and promotional materials, to be provided with the at least one of an account bill, an account billing statement, an account statement, and an account correspondence, and further wherein the processor generates the at least one of marketing materials, advertising materials, and promotional materials (see., abstract, col 4, lines 46-65, col 22, lines 7-25, specifically wherein said advertisement can be target marketed to a selected..., fig 13); and

an output device for outputting the at least one of marketing materials, advertising materials, and promotional materials in hard copy form for physical mail delivery along with the at least one of an account bill, an account billing statement, an account

lines 7-25, specifically wherein said advertisement can be target marketed to a selected..., fig 13.

RESPONSE TO ARGUMENTS

6. Applicant's arguments filed on 1/12/2004 have been fully considered but they are not persuasive.

REMARKS

7. In response to Applicant's arguments, Applicant argues that the prior art of record (Kolls 085") taken alone or in combination fails to anticipate or render obvious the recited feature:

a. " a processor for automatically detecting a scheduled generation of at least one of an account, an account billing, an account statement, and an account correspondence, wherein the processor at least one of automatically identifies and automatically selects at least one of marketing materials, advertising materials, and promotional materials, to be provided with the at least one of an account bill, an account billing statement, an account statement, and an account correspondence, and further wherein the processor generates the at least one of marketing materials, advertising materials, and promotional materials" (see., abstract, col 4, lines 46-65, col 22, lines 7-25, specifically wherein said advertisement can be target marketed to a selected..., fig 13).

b. "an output device for outputting the at least one of marketing materials, advertising materials, and promotional materials in hard copy form for physical mail delivery along

Art Unit: 3621

with the at least one of an account bill, an account billing statement, an account statement, and an account correspondence" (see., abstract, col 5, lines 19-34, item printer 104, col 4, lines 46-65, col 22, lines 7-25, please note that the printer of kolls is capable of printing data in hard copy form for physical mail delivery along with an account bill see., col 5, lines 47-67, specifically wherein said an unattended business center in which product and services can be vended. The control of a vending machine can include monitoring and accounting for products and services rendered from the vending machine...). Furthermore, a printer is for printing hard copy or (s).

Conclusion

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
